We are excited to hold our FIRST Ninja Mania Youth Competition! Join us as we cheer on each Ninja as they get their moment to shine conquering our challenging obstacle courses in a **[FUN!]** competition! While we will have prizes for the top 3 finishers in each age bracket, our focus is providing the same supportive and positive environment we have in class...afterall, it's the Ninja way to support each other!

WHO IS READY TO CONQUER THE COURSE?

FORMAT & RULES:

Each Ninja will run 2 preliminary courses in our **QUALIFYING ROUND** (so each child is guaranteed a chance to complete a minimum of 2 different obstacle courses). We record the number of successfully completed obstacles, as well as the time recorded for those 2 runs, and calculate the top 10 of each age bracket to move on to the **SEMI-FINAL ROUND!** The same point system is used to calculate the top 5 of each age bracket to move on to the **FINAL ROUND!** We will issue a full set of rules prior to the competition. **Please note, Ninja's will be racing against time without any spotting or help from instructors.**
